Ms. Veron:

Applying for Software Developer or Web Developer,  
Dignersys Cloud Bhd,  
Wisma Dignersys 45 & 46,  
Jalan Setia Prima S U13/S,  
Setia Alam,  
40170 Shah Alam,  
Selangor.

**Dear Ms. Veron:**

It's really exciting that I came across the Software Developer and Web Developer position listed on the Dignersys Cloud Bhd. As a recent undergraduate from Universiti Teknikal Malaysia Melaka with a Bachelor Degree of Computer Science (Software Development) with Honours, I welcome the opportunity to have my internship in your company.

During study, I have learnt the skills to build a software in object oriented programming. I also have the opportunity to apply the knowledge of computer science and information technology to the project.

The main reason I choose to be a Software Developer or Web Developer is challenging my creativity. An interactive interface and responsive performance are the important elements to build an application. I have to make sure the application is simple, attractive and convenient for use to the customers.

At last, I wish Ms. Veron will take a moment to review my attached resume. I am looking forward to hear you soon. Thank you.

**Sincerely,**

**Tan Chun Yin**
